

SpotsGo®

SPRAY SPOTTER CONCENTRATE

SpotsGo®

SpotsGo has the muscle you need to make tough spots go. It penetrates fabric to knock out ground-in soil, perspiration, collar and cuff stains and many food and beverage stains. Simply spray stains before drycleaning, washing or shampooing. There's no need to brush... just spray it on and let it work. And SpotsGo is environmentally friendly... it complies with California's Prop-65 and VOC regs.

DIRECTIONS

For regular work, prepare SpotsGo solution by mixing one part SpotsGo with five parts water. For tougher stains, use one part SpotsGo with three parts water.

➤ **When Dry Cleaning**

Use only in coordination with systems where drycleaning detergent is used. Spray stained areas with SpotsGo solution, then air-dry completely before drycleaning. (The longer you leave SpotsGo on, the better it works. Overnight is best.)

➤ **When Washing or Wetcleaning**

Spray stained areas with SpotsGo solution, then air-dry for as long as possible before cleaning. (The longer you leave SpotsGo on, the better it works. Overnight is best.)

➤ **When Shampooing Rugs**

Spray stained areas and traffic lanes with SpotsGo solution, then air-dry for as long as possible before shampooing. (The longer you leave SpotsGo on, the better it works. Overnight is best.)

- ❖ Safe only on fabrics and colors not affected by water or detergent.
- ❖ Please read the SpotsGo Material Safety Data Sheet.
